### THE BLACK LIST.

There has been so great a demand for yesterday's issue of the BULLETIN, containing the "Black List" that we republish the list to-day. This list should be saved for reference at the next election for Representatives, and every Representative who figures thereon should be retired to private life for all time.

### A LESSON TO BE LEARNED

From this session of the Legislature is, that no office holder can be trusted as a Representative. Of the 14 office holders in the Assembly, not one has shown the slightest degree of independence or principle. They have been servile puppets who have jumped when touched by the Ministerial finger, and shouted when told that shouting time had come. Their vote has been cast blind for the Ministry, irrespective of the interests of their constituents and of their duties as Representatives. The Ministers might as well be given 14 additional votes at once, and the expense of the superfluous members, who do nothing but echo the voice of the power behind, be saved.

Let the electors take this lesson to heart, and the session of 1884 will not have been in vain: Let no office holder be elected a Representative.

### A RECOMMENDATION THAT SHOULD BE ACTED UPON.

The Finance Committee report that they find that the Immigration accounts have been kept entirely without books, and that hundreds of thousands of dollars are accounted for only by loose papers and vouchers. The accounts will not balance by \$5,000, and the only answer the Secretary of the Board could make, when asked how much money he had received and spent was, "go through those papers and add 'em up, and you'll know as much as I do." This disreputable snarl is all that the country has to vouch for the expenditure of \$688,000, and the Committee recommend that experts be employed to unravel the accounts.

This money that has been so recklessly spent, is public money, and it is eminently proper that the Legislature should see the thing through, and find out just how the matter stands. Let us have the Immigration Bureau sifted down fine.

### AN EXPLANATION THAT IS WORSE THAN THE CHARGE.

The Opposition charge that the Cabinet has illegally expended money upon the authority of Cabinet Resolutions.

The statement was made last Friday, by the Advertiser, that the reason the Cabinet had appropriated moneys by Cabinet Resolution, was because they thought there was a credit on account of the loan fund, of \$360,000, while in fact there was no such credit.

The Attorney General referred to this statement during last Saturday's discussion, and tacitly admitted it to be the truth.

As a matter of fact, the Loan Fund is overdrawn more than \$300,000.

We have then, a Minister of Finance of such marked financial ability, that, although his own books show that the Loan Fund is \$300,000 in debt, he reports to the Cabinet that he has an *unexpended balance* of \$360,000!

That is the kind of a man we like to see managing the finances of the nation. A man who can, by a breath, transform a debt of \$300,000 into a cash balance of \$360,000, is a rare treasure, and should be put in a glass case, labeled, this side up with care.

We have also a Cabinet, which, upon its own responsibility, and the word of a man who can not tell the Debit from the Credit side of his ledger, appropriates and spends money in violation of every law upon the subject, without taking the trouble to find out whether there was any money to spend or not.

Verily this is the kind of a cabinet that the BULLETIN delighteth to honor. Give us a cabinet that is not bound down by such trivial things as the constitution and the law, or the amount of fifty lucre in the Treasury, but which can raise the wind and improve the country by transferring six figures from the Dr. to the Cr. side of the cash book.

This is the kind of a Cabinet to

command the confidence of the nation. What are you growing at you "ragged," sore-headed, office seeking oppositionists?"

### AN ORGAN FOR THE LEPERS AT KAKAOKO.

The movement which has been started to obtain money to buy a musical instrument for the lepers at Kakaoko, is one which appeals to the sympathies of every one. The only instrument which they now have is a harmonica. Cut off as these poor unfortunates are from all association with the outside world, the least that can be done for them is to make life as bearable as may be during the few years which remain to them.

In order that all may feel able to contribute, the subscriptions will be limited to \$1 each.

Subscription lists are open at the office of this paper, of the *Daily Hawaiian* and the *Advertiser*.

## THE LEGISLATURE

MONDAY, JUNE 30.

The House assembled at 10 A. M. After prayer by the Chaplain, the reading of the minutes was delayed until twenty minutes past ten, owing to a quorum not being present.

While the members were waiting, Mr. Nawahi moved that the House adjourn until the new Ministry was appointed.

Mr. Kamakele presented a petition from Makawao, with 145 signatures, that the national debt be all paid off during the next two years. Referred to Finance Committee.

Mr. Hitchcock, on suspension of the rules, read a petition relating to Government land leased to foreigners. Referred to Judiciary Committee.

Mr. Kanwila, from Puna, that the House do not pass any Act to indemnify the Ministers for any monies they have spent. Laid on table.

Mr. Kaubane, that \$15,000 be appropriated for improving roads, district of Kau. Referred to Committee on Public Lands.

Mr. Hitchcock, that the jail and court house at Laupahoehoe be repaired, and the salaries of the Sheriff and Jailor be increased. Referred to Committee on Miscellaneous Petitions.

Mr. Nahinu, from Napoopoo and Hookena, relating to the landing of freight.

Mr. G. Brown, from Finance Committee, reported on several petitions relating to the refunding of taxes illegally paid, that a sum of \$68.25 be inserted in the Appropriation Bill to liquidate the same. The report was accepted and laid on table. Also, relating to a bill to define the payment of monies into the Treasury, the same be laid on table.

Mr. W. O. Smith gave notice of a bill to appoint a Police Justice at Makawao.

Mr. Nahinu offered a resolution that \$700 be appropriated for improving landings at Hookena, Napoopoo and Hoopolo, South Kona. Laid on table.

Mr. Kaulukou gave notice of a bill relating to the appointment of police officers.

Mr. Pilipo, a resolution that the Minister of Interior state in which districts and to what purposes \$32,822.33 was spent of the money for road tax. Carried.

Mr. Kaulukou moved the order of the day. Carried.

Mr. Pilipo said: We spent considerable time on Saturday discussing the ways the moneys had been spent, and the result was that the Nobles and Representatives were equally divided. Never, in the history of the Legislature, has so large a number of Nobles voted, and they are appointed by His Majesty. If there is no confidence in this Ministry, it is no use this Assembly going on to place large sums of money in such hands.

Minister Kapena, said if the Minister were going out to-day or to-morrow it would not affect the going on with the appropriation bill. The appropriations must be made who ever is in office.

Mr. Pilipo said—If the Ministers will say they are going to resign to-day we will go on. But if these Ministers are going to keep their commissions in their pockets, then I have a right to speak. I move that

the consideration of the appropriation bill be postponed until after the Ministry have resigned.

Mr. Kaulukou, thought the hon. member ought to let the matter rest, as the resolution was defeated. I think his remarks are made to delay the consideration of the appropriation bill.

Mr. W. O. Smith said he didn't wonder that the feeling still existed. I think we ought to go on with the appropriation.

Mr. Pilipo withdrew his motion. The appropriation bill was then taken up.

Department of Foreign Affairs:  
Salary of Minister.....\$12000  
Salary of Secretary..... 6000  
Passed.

Salary of Under Secretary..... 4000

Minister Gibson in referring to this new item said the work of the Foreign Office had much increased, twenty-eight new consuls had been added, making altogether about eighty. It was beneficial to the country to keep up a wide spread correspondence. I have been a faithful worker in this particular department. I get up early and spend hours before I arrive here, to prepare work for the secretary to do. The work is large and considerable.

Mr. W. O. Smith asked the Minister how it was that if Mr. Webb is so overworked that he had time to work for the *P. C. Advertiser*?

Minister Gibson said when he was nominally editor of the *P. C. A.* he only gave points and for days he did not write anything at all.

Mr. Dole said—I believe in paying a man well who works and does necessary duties for the state. There is a tendency to increase the months that are sucking at the state cow and I object to it. The state cannot stand it. The Attorney General is more extravagant than any of his predecessors. What does the Minister want extra help for to keep up obscure correspondence with obscure countries? Mr. Webb has been able to do the work and carry on a newspaper business as well, and a daily paper at that. It is another attempt to make an office for another individual.

On a show of hands being taken the item was struck out.

Salary of copyist \$2400. Passed.

The House took a recess at 12 o'clock.

On re-assembling after recess the first item taken up was:

Office Expenses of Foreign Agents, \$4,000. Passed.

Incidentals of Foreign Office.....\$5,000

Mr. Hitchcock moved it pass at \$2,000.

Mr. Dole, that it be \$3,000, which was carried.

Expenses Foreign Missions.....\$25,000

Mr. Hitchcock moved it be struck out. The motion was carried.

Envoy Extraordinary and Minister at Washington.....\$12,000

Expenses Incidentals to Legation at Washington..... 5,000

Relief and return of Indigent Hawaiians Abroad..... 1,500

Salary of Messenger..... 1,000

Education of Hawaiian Youths in Foreign Countries..... 25,000

All passed as on bill.

On motion of Minister Gibson, the next two items \$40,000 for King's Guard and \$38,000 for band, flags and salutes, were deferred for the present.

National Museum.....\$5,000

This item was reduced on motion of Mr. W. O. Smith to \$2,000.

The item of \$5,000 for purchase of books for Government, was struck out on motion of Mr. Smith.

Government Librarian and Curator to the Museum.....\$2,000

On motion of Minister Kapena, the item was increased to \$2,400.

The Committee rose, reported progress and the House adjourned at 4:30 P. M.

TUESDAY, JULY 1, 1884.

The House met at 10 A. M.

Prayer was said by the Chaplain. At twenty minutes past ten there not being a quorum of members present, on motion of Mr. Kaumamano the House adjourned until 1 o'clock.

On assembling at 1 o'clock, the minutes of the preceding day were read and approved.

Mr. Kalua on suspension of the rules, presented a petition for a mail carrier, district of Lahaina. Referred to Minister of Interior.

Mr. Kaulukou, a petition from district of Honolulu, that Sisters of Charity be appointed to serve in the different Government Hospitals throughout the Kingdom; also, that

\$10,000 be appropriated for extending Kukui Street until it meets Liliha Street. Laid on table.

Mr. Kean, a petition that a definite appropriation be made for salary for a Mr. Niakala. Laid on table.

Mr. Kaulukou presented minority report of the Committee on Police, Prisons and Mounted Police. The report was received and laid on table to be taken up with the majority report.

Mr. C. Brown read, first time, a bill relating to the appointment of a deputy clerk and second deputy clerk for Supreme Court. Passed to second reading.

Mr. Dole offered a resolution, that \$1,000 be appropriated for improving landings Koloa, Kauai. Laid on table.

Mr. Kaulukou gave notice of a bill relating to Sisters of Charity.

Mr. Kanealii a resolution that the following bills be taken from the table and made special order of the day for Thursday; relating to tuition fees, labor contracts, and to amend Section 12 Chapter 86, Penal Code relating to Representatives. Carried.

Mr. Kalua, that \$2,000 be appropriated for the assistance of Makawao Seminary. Carried.

Mr. C. Brown offered a resolution that, "Whereas, Several members of this Assembly have been appointed Tax Assessors, be it Resolved, That they have leave given them to vacate the House in order to attend to their duties."

### REPORT OF THE COMMITTEE ON POLICE AND PRISONS.

The Committee think that the present Police system is well adapted to the needs of the country, and that the present unsatisfactory condition is due rather to lack of efficiency, than to defects of the system.

The Attorney-General's Bill to establish Police Commissioners is not recommended.

A system of grading and promotion among the Police and Deputy Sheriffs is recommended; the Police to receive from \$20 to \$40 a month and Deputy Sheriffs from \$50 to \$150 per month.

### THE MARSHAL AND SHERIFFS.

"A change is needed in the manner of the performance of the duty of the Marshal and Deputy Marshal."

"The gentlemen who fill these two offices are old servants of the Government, and are esteemed for their integrity and personal worth, but they have fallen in to a certain routine performance of their duties which tends to impair the value of their services. Instead of devoting their energies to the active supervision and personal inspection of the Police Department of the Kingdom, their time is largely spent in the petty details of their respective offices. The most of this detail office work might be performed by clerks; and competent clerks can be secured with the funds now at the disposal of the Department."

"The Marshal should exercise a larger personal influence than he now does, and the Deputy Marshal should devote the greater part of his time to the personal supervision and direction of the force."

"Property interests, and the proportion of the foreign population, have grown rapidly in the past few years, and a style of administration adapted to the wants of ten years ago, is not adequate to the state of affairs which now exist."

"We would reiterate, that the blame for the lack of discipline and efficiency of the Police Department of the Kingdom should not be charged to the system or the class of constables employed; but to the lack of supervising officers possessed of the requisite qualifications. Justice demands that we should here remark, that some of the Deputy Sheriffs now holding offices are admirable officers; but many are incompetent."

### THE ARMED FORCE.

The "Armed Force," "Mounted Police," or "Mounted Constabulary," as it is variously styled, is an institution which was established on the strength of an appropriation for an "Armed Force Contingent Fund," to be expended by advice of the King and Cabinet Council, for the Islands of Maui, Kauai and Hawaii."

Although established only in August, 1883, at the end of nine months (March 31st, 1884), it had cost the country \$33,811.55.

Instead of securing men acquainted with the geography and people of the Districts in which they were to serve and selected for their qualifications, the force has been made up mainly of irresponsible youth, taken from a lawless class from the streets of Honolulu.

Captain A. B. Haley, who commands the force, states in his report, published by the Attorney General, that "the men who were first enrolled, did not as a body, prove a very respectable class. I was compelled to get rid of eight." And the committee have ascertained that of the twelve men sent to Maui in February last, six have been discharged; one for misconduct and five for insubordination.

There is no question that such a force can render service and be of some use as auxiliary to the regular police force; but we are of the opinion that the expenses attending the maintenance of a force, such as has been attempted, is entirely disproportionate to the value of their services. We do not believe that any such force is required.

After a full consideration of the subject, and in view of the public needs, and revenues, we believe that the public interests will be better served by the disbandment of the "Armed Force," than by its maintenance and therefore recommend that no further appropriations be made for the object. On the 3rd inst. the force comprised 15 men in Honolulu, and 6 on Maui; 20 horses in Honolulu, and 14 on Maui, with 32 saddles and bridles."

### KAUMAKAPILI CHURCH.

The various Sunday schools affiliated with Kaumakapili Church held their regular quarterly exhibition, yesterday, in the large hall at the base of the church. Mr. A. L. Smith, the general superintendent, directed efficiently and wisely. The programme of exercises, published in our last issue, was faithfully executed. Each school was under the immediate direction of its own superintendent, and performed its part well and nobly. The usual variety of singing, recitations, and answers to questions made up an extremely interesting and entertaining exhibition. A large audience of natives and foreigners patronized the occasion, and could not have been otherwise than pleased, delighted, and edified.

EDITOR BULLETIN:—One of the occasional intellectual treats to which it is the good fortune of Honolulu to have access, was furnished last evening at Fort St. Church, by the Rev. Dr. Beckwith. His lecture on "Life and Culture" was delivered as the first in a course of annual lectures to be furnished by the Trustees of Oahu College, on educational topics. During the evening, he referred to the low intellectual standard of San Francisco, evidenced by the fact that it is difficult to procure a good audience for a scientific or philosophical discourse, but a low browed brute whose attainments are shown only through his fists, is welcomed to the City of the Golden Gate, with music and the hurrahs of thirty thousand admirers. The Reverend gentleman did not intend this as a sarcasm, but it was a most stinging rebuke to our city which boasts of its high literary taste and general culture, which turned out by the thousand to witness the races and games at Kapiolani Park, on the 11th, yet could but afford a scanty hundred and fifty or two hundred to hear this masterly address last evening. For shame Honolulu! Hereafter please keep silence on your culture and taste, unless by culture and taste you mean a taste for bruising and fistcuffs! CITIZEN.

[We do not think the strictures of Citizen are altogether merited. The Trustees of Oahu College must father a good part of the failure of the public to attend, in that the lecture was not properly advertised. But very few people knew that there was to be such a lecture. Ed.]
